MILLION DOLLAR DEAL IN REALTY

Greatest Series of Transfers in Salt Lake Quietly Consummated.

SECURED BY MR. NEWHOUSE.

He Has Faith in This City and Will Erect Eight and Twelve Story Buildings.

Theater, Hotel, Department Store Structure and One Big Block for Lawyers Included in the Plans.

The greatest series of Salt Lake realty transfers in which any one man was the purchaser, were consummated yesterday afternoon, when the last of the options quietly secured by Samuel Newhouse on most of the south half of the block bounded by Main and State and Third South and Fourth South streets, and on east Fourth South street opposite the City and County building. The consideration to be paid in the aggregate for these properties will amount to \$1,100,000.

WILL HAVE NEW STREET.

An east and west 66-foot street is to be cut through the center of the block above and south between the above and Fourth South street, thus giving eight new street corners, and on the corners of the street opening into Main. It is the purpose of Mr. Newhouse to erect a 12-story building on the north corner, and an eight-story building on the south corner. These two buildings will be of steel, fire proof construction, terra cotta and marble, costing together about \$1,500,000, to be ready for occupancy—the one in a year, and the other a little later. It is also proposed to erect a theater, hotel and department store structure on the Walker street corner, as well as other buildings that may be called for on occasions arise, on the northwest corner, and on the east Fourth South street corner. Exact figures representing the total proposed outlay can be of course be stated, but it will be between \$2,000,000 and \$2,500,000, and the impetus thus given to the growth and development of the town can hardly be overestimated.

Part for the two great structures, already decided upon, are being drawn. It is stated by a noted New York architect, and the steel has been ordered from the U. S. Steel company.

OFFICES FOR LAWYERS.

The history building will be devoted to offices of lawyers mostly, and provided with a law library that will have no superior in the west, and which all tenants can have access. Every floor will be connected with the postoffice opposite the street by pneumatic tubes, so that letters dropped into the chutes will be immediately sent to the office for mailing. The smaller structure will be adapted to general office purposes. Both are to be heated and lighted by private local plants connecting with these and other buildings of the Newhouse group by tunneling under the street, which will contain the trunk line connections of all telephone and telegraph wires. The cost of the two buildings will be hardly that of one and a half millions, and the appearance will immediately put a metropolitan air on the city that cannot fail to impress visitors with Salt Lake's growing importance.

WILL PAVE STREETS.

Moreover, the new streets, bought and opened entirely at the Newhouse's expense, will be handily paved with asphalt and brilliantly lighted from the local plant, the land to be occupied by the streets representing an outlay of Mr. Newhouse of \$15,000, and improvements made in and around will cost so much more. The entire improvement is being designed with a view to the pleasing eye's artistic sense as well as to provide completely for all the requirements called for by the general business exigencies of the day.

HAS FAITH IN UTAH.

Mr. Newhouse has had in mind for several months the investment of surplus capital in Salt Lake realty. It was some time, the Cactus and the Boston Con, have been paying him in Utah, and he has felt that so much wealth would be entrusted to him for wise investment and development for the practical benefit of his fellow citizens. As he stated yesterday, he has no regrets with conditions existing here. It is in Utah that he has made his home, and it is in Utah that he expects to continue to live. Mr. Newhouse is more than ever convinced that Salt Lake is the natural center of all the great mining camps between Colorado and western Nevada, and that with their development there must come necessarily a corresponding growth and opportunity for this city. He says it is with absolute confidence and belief in the future of this region will be fully justified by the development of the next few years.

LOCATION OF PROPERTY.

Mr. Newhouse was undecided as to the location of his proposed investments until a day ago, when he decided that the locations mentioned above would be the best. The proposed buildings are situated between the Federal building and the City and County building, and on the corner of Main and State streets. The property is owned by the Federal building, and the consideration to be paid in the aggregate for these properties will amount to \$1,100,000.

between Mrs. Kimball's corner and the line of the proposed new east and west street, owned respectively by Louis A. Marks, 50 ft., for \$65,000; the 50 ft. south, owned by Jacob Moritz for \$65,000; the Kimball property adjoining to the south for \$124,000; the interior of the south half of the block, 20 rods square, held by E. A. Whitaker, for about \$100,000. R. E. Miller got \$20,000 for a lot on State street with an L on Fourth South street, and the Brown, Terry & Woodruff State street property of 18 ft. front brought about \$124,750. Mrs. Kimball retains the 100 ft. lot corner of Fourth South and Main street, north of St. Paul's church, as she refuses to sell at any price, and talks of putting up there herself a business structure. For the Walker corner of State and Main streets, the consideration to be paid in the aggregate for these properties will amount to \$1,100,000.

OTHER FINE PROPERTY.

The Federation of Labor hall property is owned by A. Fisher, the brewer, who also refuses to sell at any price, and A. Rolland owns a small strip of real estate to the north, which is still out of the deal. Whether these three properties can be finally secured or not is a question. Three rods front, north of the Rolland lot on State street, owned by R. H. Drey, Russ and Samuel Reggel, went for about \$700 per front foot. Reasonably approximate figures can only be given, as Mr. Newhouse has instructed Tuttle Bros. not to give out exact figures until the transfers are ready to record.

The great transaction is the talk of the town today, and citizens of all classes are speaking in the highest terms of the man who is thus becoming a public benefactor. It is said that Mr. Newhouse is one of the most popular men in the state today.

DAVID M'KAY NAMED.

Appointed to Succeed Joseph Stanford Commissioner of Weber County.

Gov. John C. Cutler today appointed

David McKay of Ogden and Huntsville, Weber county, to succeed, as commissioner of that county, Joseph Stanford. It will be remembered that Mr. Stanford tendered his resignation some time ago, and there has been much conjecture as to who would be selected to fill the vacancy thus caused.

The new commissioner is prominent in his community, politically, religiously and in a business way. At present he is a state senator, but his term will expire in January next, as he was not a candidate for reelection. He is bishop of the Huntsville ward and is a man who commands the esteem and respect of those who know him, both in and out of the Church. He is the father of David O. McKay, of the quorum of the apostles, and also of Prof. McKay of Logan.

The choice of Senator McKay is a happy one, and the people of Weber county are to be congratulated upon the fact that able, honest and efficient ex-commissioner Stanford is to be succeeded by a man who is his peer in every way.

WOMEN ON STRIKE.

Extends From New York East Side Up to Harlem.

New York, Dec. 1.—The strike of the women of the East Side tenements against the butchers because they increased the price of meat has extended to Harlem. It was determined at a large meeting of women held in Harlem last night to boycott the butchers absolutely until the prices of meats are lowered.

The Harlem butchers also organized last night to combat the boycott and declared they would join their brethren of the Lower East Side in closing their shops rather than succumb to the bill of having their places of business wrecked. Like the butchers down town they declared the increased cost of meat was necessary because the packers had raised prices.

Several little strikes occurred yesterday, but most of the butchers on the East Side quieted their patrons by telling them that they intended to stand by the customers and fight the wholesalers.

Christmas News

Prize Winners

The committee of the editorial staff of the "News" has concluded its labors in reading and passing on the merit of the various stories and poems submitted for the Christmas "News" competition. The awards are as follows:

\$50.00 cash prize for the best story, awarded to Miss Aurania ("Bob") Ellerbeck, Salt Lake City, Utah, now a student at Stanford University, for her story entitled "Mag."

\$25.00 cash for the best poem, awarded Mrs. Bertha Anderson Kleinman for her poem "At the Last Hour."

The committee's labors this year were unusually arduous as the contributions embraced stories and poems not only from Utah, but from the following states and territories: New York, New Jersey, Massachusetts, Ohio, Montana, Texas, Tennessee, Georgia, Kansas, Nebraska, Colorado, Arizona, Idaho, Nevada, California, Oregon, Washington, Canada, and Mexico.

LAFAYETTE GRADE SCHOOL FOOTBALL CHAMPIONS.

The football honors of this year rest with the University of Utah in the college class, with the Ogden High school in the secondary class, and with the Lafayette eleven among the grade schools. Second honors go to the Lyons, who have as good a line, with the difference that Taylor plays in the Lafayette back field, and was able to put up the shade of superiority in his kicking and bucking that decided the championship. For this honor he takes the title among his following of admirers of "Kid Benson the Second" while
